Chinese Tui na Massage Certificate program

TCICTCM has provided students with the academic excellence in Traditional Chinese Medicine (TCM) since 1986. The College continues to offer the best instruction in the TCM program to those with a sincere interest in the study of the wisdom and benefits of the Chinese medical tradition. Tui Na Certificate programs offered in our school is designed for students who wish to acquire skills and get into the healthcare profession within a relatively short period of time.

They work also as a stepping stone, if the students wish to continue their education in the future for Dr. TCM, Acupuncturist or Herbalist. Credits earned from Tui Na course in the certificate program can be transferred into the diploma programs.

Objectives

The objectives of this program are to train interested students to become higher standard healing therapists with the skills of Chinese Tui na massage techniques in a reasonable time frame. The concept of healing therapy is to focus on disease prevention, heal of illness, relaxation and stress relief.

Program Description

This program is intended to teach students the alternative therapy and techniques of Chinese Tui na massage, it will also include Moxibustion, Cupping, Scraping (gua-sha) for different health conditions.

Meridian Tui na and Qi gong Tui na are also introduced In the program to enhance the effectiveness of prevention and healing.
